Serum Institute, Hebbal, Bangalore, during the year 1944-45.

The approximate quantity required during the year is 175,000 lbs.

The tenders submitted in response to this enquiry will be subject to the following conditions:—

1. The Stores Purchase Committee do not bind themselves to accept the lowest or any tender.

2. Tenders should be for supply of only good and cleaned grain, free from all kinds of impurities and suitable for being consumed without further cleaning.

3. The quantity specified above is only approximate. The actual quantity to be purchased will be more or less. The contract will be deemed to be limited to the quantity actually drawn on indents during the period of contract.

4. The tenderer should specify the rate per 100 lbs. net, which should include all charges for free delivery at the Serum Institute, Hebbal, Bangalore. Samples of grain offered should also accompany the tenders in two sets.

5. The rate quoted should hold good for a period of two weeks from the date fixed for receiving the tender. Withdrawal from tender before the above period or after acceptance of the tender is communicated, due to whatever causes, will entail forfeiture of earnest money deposited in connection with the tender.

6. For the due fulfilment of the contract the successful tenderers will be required to execute a stamped agreement within a week from the date of receipt of intimation that their tenders have been accepted and to deposit as security, an amount equal to 5 per cent of the value of the order, failing which the earnest money referred to in the following paragraph will be forfeited to Government and the order cancelled immediately.

7. Tenderers should remit a sum of Rs. 100 as earnest money to the State Huzur Treasury with the chellan form which can be had from the undersigned and the fact should be duly noted in the tender. Any tender not complying with this condition will not be considered. Earnest money will be returned to parties after the tenders are disposed of in the case of unsuccessful tenderers but in respect of successful tenderers only after the requisite security deposit is furnished.

8. The contract will run for a period of one year. The contractors whose tender is accepted should be prepared to supply the material at the accepted rate and in strict conformity to the approved sample on indents from the Superintendent of the Serum Institute, Hebbal, Bangalore, within the time specified in the indents. All unsatisfactory supplies will be rejected.

9. No application from the contractors for any enhancement of the prices accepted by the Committee, due to whatsoever causes will be entertained during the period of contract.

10. Should the contractors fail to comply with any of the conditions detailed above, the contract will forthwith be cancelled and the security deposits forfeited to Government. The contractors will further be bound to make good to Government any loss which may arise from their failure to supply the articles contracted for or by Government having to purchase the articles specified in the contract in the local market at higher rates than those contracted for.

11. The Stores Purchase Committee may at their discretion and within the limits of the accepted rate determine the relative price of any articles that may not, in their opinion, be found up to the standard of quality required, but accepted by the indenting officer on ground of urgency or other causes.

12. Should any question arise respecting the quality of the materials supplied or the manner of the performance of the contract, the contractors should agree to abide by the decision of the Stores Purchase Committee.

13. Quotations for both crushed and uncrushed horsegram may be separately given.

14. Tenders should be sent in sealed covers superscribed "Tender for the supply of food grains for the Serum Institute" so as to reach the undersigned on or before the 2nd September 1944.
